*International Ozone Technologies Group, Inc.* has, after extensive research & development, formulated an all natural ointment, **Lands End Oil<sup>®</sup>**, that will relieve the itching and burning from a "Stinging Sea Creature" attack within minutes and in most cases eliminate the swelling and redness within days. So if you are a swimmer, diver, fisherman, or just enjoy wading at the seashore, do yourself a favor and have some **Lands End Oil<sup>®</sup>** on hand in case you have an encounter.

***Instructions For Use:*** Immediately after the first symptoms are evident apply **Lands End Oil<sup>®</sup>** to the effected area. Reapply after showering and repeat until all irritation and redness are gone.

**Lands End Oil<sup>®</sup>** should be considered as a first aid only. If you are allergic to certain stings or bites or if the symptoms continue, you should seek the advice of a physician as soon as possible.
